

Trulite Completes RF Supply Acquisition

Peachtree City, GA. – January 7, 2016 – Trulite Glass & Aluminum Solutions, LLC. (“Trulite”), one of North America’s largest architectural glass and aluminum fabricators, today announced it has finalized the acquisition of Sarasota-based R.F. Supply, Inc., a regional leader of fabrication and distribution glass products for architectural, industrial, commercial and custom applications. Financial terms of the private transaction were not disclosed.

With the completion of this transaction, Trulite will expand its presence in the Florida market with a wide array of tempered, insulated, and mirrored fabricated offerings. Additionally, the RF Supply product offering will be enhanced to include laminated and Guardian/PPG certified products.

“Our continued pursuit of operational excellence has positioned us well to meet the rapidly increasing demand for quality fabricated products,” said Paul Schmitz, Chief Executive Officer of Trulite Glass & Aluminum Solutions. “State of the art equipment additions and upgrades, organic growth as well as strategic acquisitions are allowing us to meet this demand and better serve the industry.” RF Supply marks Trulite’s sixth acquisition since April 2011, demonstrating the company’s financial strength and appetite for growth.

“We are delighted to retain the leadership of Mike Hoelle (current General Manager RF Supply). We expect little to change for the current RF Supply Customers after the acquisition,” said Trulite’s Executive Vice President, Paul Mahedy.

“We are very excited to have RF Supply join the Trulite organization,” said Mike Hoelle, RF Supply GM. “RF Supply has established itself as a true ‘service center ‘provider with exceptional lead times and customer service. We are committed to continue to offer the same high level of service and quality the glazing community has come to rely on.”

About Trulite Glass & Aluminum Solutions

Trulite Glass & Aluminum Solutions is one of North America’s largest architectural glass and aluminum fabricators. Trulite distributes and manufactures architectural aluminum, insulated units, mirrors, tempered, laminated, and decorative glass from their twenty-seven locations throughout the U.S. and Canada.
