Category II Tape-back Safety Backed Mirror

All suppliers of Trulite's Category II Tape, meet or exceed Consumer Product Specification 16 CFR-1201 and ANSI Z97.1-2009 for Cat II tape. Each mirror has a sticker applied to the backing certifying the proper tape-back was applied.

Category II Tape-back is:

- Designed for indoor use only
- Designed for wall mirrors only when j-molding is included in the installation process.
- Designed for walk-in closets or door mirrors using clips or j-mold.
- Designed for mirrored closet doors
- NOT designed for moist environments

The vinyl backing on our ScarGard® mirrors is a safety backing only and not intended for use in any other application whether decorative, structural, or otherwise.
